

DHANWANTHIRE S

F U L L S T A C K D E V E L O P E R

PROFILE SUMMARY

Motivated Computer Science graduate with hands-on experience in Java, Python, MongoDB, and web technologies. Strong foundation in data structures, OOP, DBMS, and Power BI. Passionate about software development and real-world problem-solving. Eager to learn, adapt, and grow in a dynamic team environment.

EXPERIENCE

Internship

Java Full Stack Developer Intern
Pantech Solutions, Chennai

- Completed hands-on internship focused on Java Full Stack Development.
- Gained experience in Core Java, Spring Boot, HTML, CSS, JavaScript, and MySQL.
- Built and deployed basic web applications using front-end and back-end technologies.
- Learned real-world software development practices including debugging and version control.

PROJECT

Healthy Eating Assistant

Tech Stack: React Native, Apache Cordova, Node.js, JavaScript, HTML, CSS, AsyncStorage

- Developed a cross-platform mobile app using React Native, Apache Cordova, and Node.js with a focus on healthy eating and personalized nutrition.
- Designed responsive multi-screen UI with animated transitions using react-native-animated and managed screen flow via @react-navigation/native.
- Implemented BMI-based logic, calorie tracking, and voice input features for personalized user experience.
- Used AsyncStorage for local user data storage and integrated custom backend APIs for app logic and processing.
